

## Navigate the Provider Directory in 3 Easy Steps

The CRISP DC Provider Directory is a free HIE tool with data from 650 sources, covering 6 million+ providers nationwide, including over 46,700 DC practitioners and 16,100 DC prescribers.

### Search for up-to date information on:

- Practitioners
- Mental Health Providers
- Behavioral Health Providers
- Organizations
- Prescribers
- Substance Use Providers

### Why Use the Provider Directory?

- Integrate in patient navigation workflows
- Automate patient communications
- Optimize IT infrastructure
- Support case management
- Public health capacity planning and education
- Relieve provider data maintenance

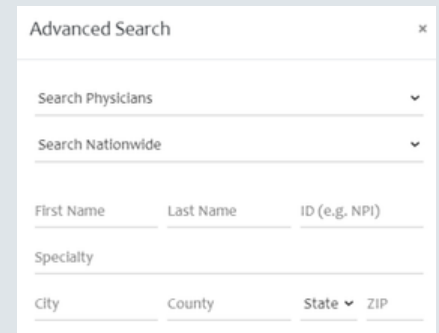

### 1.) Select the Directory tile on your dashboard in the CRISP DC Portal.

### 2.) Search for providers with the unstructured or structured search feature.

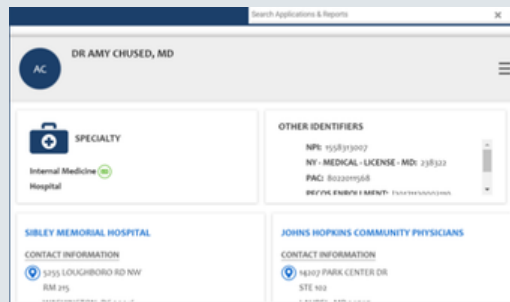

Examples:

- Brian Choi
- Choi Washington DC
- Choi 20001
- Choi Cardiology
- 1831003801 (NPI)

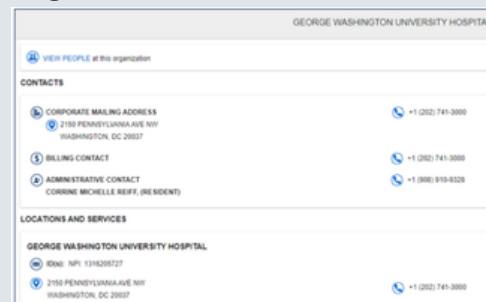

### 3.) Access data for providers and organizations!

Provider data includes:

- Provider Name
- Specialty
- Identifiers
- Locations
- Contact Information
- Affiliation
- Education
- Spoken languages

Organization data includes:

- Organization Name
- Identifiers
- Locations
- Affiliated Providers
- Administrative Contacts
- Services
- Telecom

### 4.) Suggest an Edit to update your provider/organization data within the Directory.

- After selecting a provider/ organization, click on the hamburger icon and select **Suggest an Edit** to show a pop-up window.
- Enter data to be changed in the appropriate fields and click **Submit**.

- Suggestions will be reviewed and updated within the Directory in a few business days.
